S. W. Anderson has returned from Cincinnati, where he has been for some days attending the closing out sale of some of the largest houses there, and we take pleasure in calling the attention of our readers to the large Bazaar advertisement, to be found on the third page of the HERALD. We must say that the goods they are offering are certainly the cheapest we ever saw. If we were entirely unacquainted with the value of goods we would still know that this house is offering great inducements to the people. We know, when we see people crowding a store day after day, from early morning until late at night, that it means something. People are not fools when it comes to a question of dollars and cents, and they won't come twenty, thirty and forty miles to trade at a certain house unless they can save something. We meet strangers on the street almost every day who visit Hartford twice a year, for the sole purpose of buying their supplies from this house. "This is the rule of the house have considerable influence; for instance, people like the one-price system, they like to be treated as well as their neighbors, they like to know that they are not paying the debts of people who buy or pay, and often on credit; but they must also be convinced that the goods are cheap, and whilst we have no more interest in this house than any other, we must confess that we have often been puzzled to know where and how they buy goods to be able to sell them at such astonishingly low prices.

A mad dog, the owner of which is unknown, was shot at this place last Sunday by Wallace Edson. The dog, as most mad dogs are, was a shepherd.

It may be of interest to some of our readers during the mail-day excitement now existing to know that Rev. Joseph C. Ellis, of Whitesville, Ky., has a mudstone in his possession. The Tracy Wagon has a reputation second to none, and it spreads every day.

Richard Ashford, living at Bostonville on a visit to Mr. Thos. Newcomb last Monday night, accidentally shot himself through the hand, while handling a pistol, inflicting a severe wound. An empty pistol or gun never goes off without wounding somebody.

Mrs. Lucy E. McCormick, of Lexington, Ky., writes: "My constitution was completely shattered by rheumatism. I suffered intensely; stimulants only gave me temporary relief. I tried Brown's Iron Bitters. It increased me completely, and I believe, permanently. After using two bottles I felt better and stronger than I ever did in all my life before."

Old King Cole was a jolly old soul and a jolly old soul he was. He called for his pipe and he called for his bowl and he called for his fiddlers three!—and they all came rigged out in new Fall Suits bought from J. Winter & Co., corner of Third and Market streets, Louisville, Ky. Old King Cole immediately ordered himself a new suit. You would be wise to imitate him in supplying yourself, not alone yourself but also your boys. Christmas is near at hand.

W. T. Woodward, formerly of this county, but now of Morley, Scott county, Mo., lost his dwelling house and nearly all of the contents by fire on Sunday morning, November 27, 1881. He was insured for \$200—\$300 on building and \$200 on contents. Mr. Woodward has been quite unfortunate in burning out, as he lost his house and contents in this county just before moving to Missouri.

It is fast becoming a household word that the Standard Hotel, Louisville, Ky., is one of the best in the land. Everything about the house is new, neat and tidy and kept that way, and in the running of the concern no pains or expense are spared to make it all that a hotel should be. This is what makes it so popular, and furnishes the reason for every man who goes there once to want to go again. Our word for it no better hotel can be found in Louisville.

In the list of indictments returned by the Grand Jury will be found one against John Nalve for perjury. So soon as Mr. Nalve heard of it he came in and asked of the Court a trial and full investigation, which has been promised him this term. He says that the indictment was procured through malice and there is nothing in it. We have heard other pro-seudent and reliable men who know the circumstances say there is no foundation for the charge. We have known Mr. Nalve for a long while, and are very loth to believe that he would be guilty of such a thing. While true that he is not a religious man, and makes no pretensions that way, we have ever regarded him as an honest, truthful man, and cannot but believe that he will come out of the investigation with his reputation for truth unimpaired.

By delaying for one day to insure your house, you may incur a loss that you will feel as long as you live. A fire may occur at any time and burn you and your family out on the commons. How dire it is then to contemplate your wisdom if your building was insured, and how bitter you will feel toward yourself if it was not. In the first case you will be able to resume housekeeping or business at once, while in the last you will be forced to beg at the bottom of the ladder, and that with disadvantages unknown to your younger days. Reflect on all this, and you will surely conclude to insure with Barrett & Bro., Hartford, Ky. They represent several of the best insurance companies in the world, issue their own policies, and in every case know just what they are doing, which cannot be said of the many wild agents who are now scattered over the country. Insure at once.

MARRIAGE LICENSES.

There are no doubt a few enterprising people in Ohio county, but none of the marriageable part of our population seem to be possessed of a particle of it. We suppose they are holding up for Christmas to come, as license has been issued to but one couple since our last report.

Wm. R. Moore and Miss Sarah A. Taylor.

Court Notes.

The following cases have been tried since our last report. Quite a number have been continued or dismissed and a large number of civil suits, have been disposed of which we do not give for want of space. The Grand Jury, before finally adjourning, returned the following:

Attention Taxpayers.

I am required to settle all the taxes, now due the county, on the first Monday in January, 1882, and I cannot do it without help from you. If you have not paid your taxes, call at once, at my office in Hartford, and settle. The money must come.

R. L. SMITH, S. D. C.

Rescued from Death.

The following statement of William J. Conklin, of Somerville, Mass., is so remarkable that we beg to ask for its attention of our readers. He says, "In the fall of 1876 I was taken with a violent bleeding of the lungs followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time that a report went around that I was dead. I gave up hope, but a friend told me of Dr. Wm. Hall's Balsam for the Lungs. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when, to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and today I feel in better spirits than I have the past three years.

The Hall.

On last Friday evening at the usual hour the young people of town began to assemble in the spacious dining hall of the Hartford House for the purpose of participating in the dance given by the young gentlemen of town, and until the " wee wee " hours about the town, when the rest of the world was heavy with slumber, did they with flying feet and with hearts beating in unison with the music, chase Pleasure till she fagged and surrendered herself to their ardent pursuers.

The following are the costumes of the occasion:

Miss Alexander, light blue silk and plush; diamond ornaments.

Miss Anderson, blue velvet and satin; gold ornaments.

Miss Pendleton, black cashmere and Spanish lace.

Miss Harwick, nun's veiling, plush jacket.

Miss Duke, black velvet suit.

Miss King, black satin, scarlet poppies.

Miss Griffin, black satin, de Lyon lace and pearls.

Miss Beld, bronze velvet and Spanish lace.

Miss Taylor, velvet, with tulle over-dress.

Miss Morton, wine-colored satin and flowers.

Miss Wilhoite, satin, cardinal trimmings.

Miss Nall, navy blue broadcloth suit.

Miss Stevens, black silk, scarlet flowers.

Miss Baint, cream satin and cardinal.

Miss Lulu Walker, black satin lace and gold.

Miss Jarley, crepe cloth and jet.

Miss Jackson, black satin, pink flowers.

Mrs. Anderson, black silk.

Mrs. Barrett, black velvet.

The young gentlemen appeared in the usual evening dress.

President—Sam. K. Cox.

Vice-President—E. C. Hubbard.

F. M. HEVERLY,
Hartford, Ky.

Criticizing Our Vote.

The Democrats of Ohio county have good reason to put each other on the back. Though there are two candidates for Clerk of the Court of Appeals in their own district, they went away up to Casey county to find a man to compliment with their vote. That is why but one State office is now held by a Western Kentucky man. The Democrats of Ohio county, however, did one commendable thing. They endorsed their fellow-citizen, Hon. E. D. Walker, for Congress. That they did not confer that honor upon some Casey county man was probably because he was not eligible to a second district office. —*Messenger and Examiner.*

And to this it has come at last. An Ohio county Democracy must wholly ignore merit or desert and vote for a man simply because he happens to live next door to or in the same neighborhood with them, no difference what the claims of the other man are.

The Casey county man referred to is Gen. Frank Woodford, of Adair county, for whom the county delegates were instructed on the 5th inst. In voting for Gen. Woodford the Democrats of Ohio county did what they deemed a patriotic duty, and they are proud of their action on that day, as well as thankful for the opportunity of doing as they did. Every citizen, and especially every Democrat of Kentucky, owes Gen. Woodford a debt which cannot be easily paid, but which should secure for him the indorsement, not only of Ohio county, but of every county in the State, and, forsooth, they should be frightened by that bugbear of the social world, "what will people say," into voting for

a man who lives in the next county, or in the same Congressional district.

It was Gen. Woodford who first raised his voice in the dark days of the war in defense of the right of the people to a free ballot and free speech. It was he who declared in an impudent soliloquy that he would "walk up to the polls and vote unchallenged for the man of his choice, or the ground on which he stood should drink his blood; and further, that he would never rest until the same right which he then and there asserted for himself should be accorded to every freeman." He was faithful to his promise and did more than any other man to secure the prize which he justly held so dear.

The present is the first opportunity the people have had to repay him for all he did, and is Ohio county to blame if she chose to discharge the liability resting upon her? As soon would she think of repudiating her paper as of giving back on a man like Woodford, he from Casey county or anywhere else.

We should like to ask the *Messenger and Examiner* what obligation to Davy or Christian counties rests on the shoulders of Ohio county? When did an Ohio county man offer for a district office that Davy county, if she did not have a man of her own on the track, did not throw her votes and influence into the scale in favor of a man from some other section? Never, Ohio county does not ask a great deal, but she will not be treated with contempt as she has been treated since when Davy had a man who wanted to feather his nest and could not do so without Ohio county's vote.

Eight years ago Ohio county Democrats unanimously supported Col. Thos. C. Jones for Clerk of the Court of Appeals, but they are of the opinion that eight years in one of the best offices of the State is a term of sufficient length for one man or one county to claim and believing earnestly in the time-honored Democratic doctrine of rotation in office they propose to carry it out. This is one of their good reasons for not supporting a Davy county man in the present instance. They, however, went so far as to compliment him with second instruction, which under existing circumstances ought to satisfy Davy county.

EX-PRESIDENT JEFFERSON DAVIS was in Louisville last Friday, on his way to his home in the South. He died with Hon. Henry Watterson.

Judge Hush's Visit.

We made a visit to Hartford, via Owensboro, last week and returned on Monday night of this week. Our trip was both pleasant and rapid. The splendid steamer Rainbow set us down in Owensboro early in the morning, and by railroad we reached Hartford in but a few hours' trip. The Owensboro & Nashville Railroad, to the Junction with the Elizabethtown & Paducah Railroad is now in fine condition, and so also is the E. & P. road. Messrs. Bayler and Huntington are adepts at the railroad line, and these two roads are destined to become important and popular lines for travel and trade in the near future. The O. & N. road will be extended through to Nashville next year, and the E. & P. will soon be part of a continuous line from the Atlantic to the Pacific, and will afford the shortest and largely the most desirable route from the East to the West. This great thoroughfare will have connecting lines from every section of the Union, and will afford rapid and safe transit at all seasons of the year for passengers and traffic of every description. The main line begins at Newport News on the Chesapeake Bay, running thence through Virginia, entering Kentucky near the mouth of the Big Sandy, passing thence by Lexington on to Louisville, thence by Elizabethtown to Paducah, and thence through Tennessee, Arkansas, Texas, Arizona and California, making connection at two sea-ports on the Pacific. Through trains will soon be running from San Francisco, California to all Eastern cities, and the E. & P. will soon be part of a continuous line from the Atlantic to the Pacific, and will afford the shortest and largely the most desirable route from the East to the West.
